"INDIGO" is well known for its natural earthy tones as well as bright shades for its hand made rugs. Woolen Flat Weave & Woolen braided rugs. Wool is the main natural fibre which is used with basic yet unique weaving techniques by the qualified artisans who have been in this trade for generations. A flat weave rug is an easy way to update the floors in any room at affordable prices. Most of the flat weave rugs are reversible which means twice the wear and great for area with a low door clearance. Flat Woven rugs are durable that are often used to enhance from casual rustic, vintage to modern type settings for a more relaxed tone in home and office"
